Priority service

Ordering online isn't just more convenient, it's quicker too.

1. Your order is placed instantly and your kit reserved immediately. You click the order button and we swoop in to action. It's as simple as that.

2. You'll get a priority delivery slot. If you go digital, you go to the front of the queue. Place your order before 10am for same day delivery.

3. You can place an order 24/7, 365 days a year. Your business doesn't stop, so neither does our service.

All of which means that going digital really is the answer for **faster kit**.

Simple steps to successful hires.

From the moment you place an order, we'll keep you in the loop every step of the way – contacting you by email, text or push notifications via the app.

1

Confirmation

You'll receive an email to confirm you've placed your order successfully.

2

We've got it

Our transport team will confirm your order - usually the day before delivery.

3

You're on the schedule

On the delivery date we'll send you a text to let you know our driver has your order ready. We'll let you know when you're next on the schedule and what time we'll be with you.

4

We're on the way

Once you've been confirmed via text as the next stop, you can track our driver and communicate directly in real time within the map viewer on the app.

5

Handover

We'll send you an email confirming your request is complete along with a digital copy of your proof of delivery (POD) including signatures and photographs.

6

Collection

If you complete your task earlier than you thought, you can off-hire via hss.com or our app.

Alternatively, on the scheduled collection date you will receive regular updates, including when our driver is on their way.

Upon pick up, you'll receive an electronic proof of collection (POC) including signatures, photographs & confirmation of any additional charges.
